## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 2, 2003 has been entered.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: Claims 1-13 and 16-27 are allowed with the reasons set forth in the previous office action. Amended claim 15 has been found allowable since the prior art of record either alone or in combination neither discloses nor makes obvious the combination of an exposure apparatus where a control device is provided with a detection device for determining information relating to an offset in the predetermined plane of the mask on the stage caused by movement of the stage based on the detected information and information showing the relationship between the acceleration of the stage and the offset of the mask and adjusting a relative positional relationship between the mask and the substrate and satisfying conditions as recited in the instant claim. Applicant's argument filed July 2, 2003 is deemed persuasive and incorporated herein by reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
